The submission code (or invitation code) is the code you get from the session chair that invites you. If you were not invited, please use the link below for contributed abstracts.

The EWG annual meeting will also be held during the conference.

Please notice that there is the **The EthOR Award**

The EthOR Award is organised by the EURO Working Group on “Ethics and OR”, a network that gathers scientists, lecturers and professionals in the field of Operational Research who are committed to inspire OR researchers, teachers, students, consultants and decision-makers to integrate ethical aspects and considerations in their OR research, teaching, consultancy and decision-making.

The purpose of this award is to distinguish outstanding work by OR researchers and practitioners promoting ethical dimensions in OR-based studies. Our aim is to encourage in particular – but not exclusively – young researchers, as members of the future generation of managers and decision-makers, in developing and implementing Operations Research techniques for solving contemporary problems presenting ethical dimensions. Many fields of application may be considered like energy, environment, health care, peace studies, economics, corporate social responsibility, finance and others.

Hope to see you in Dublin,

Best regards,

Dorien DeTombe
